

Environmental Note:**HAZARDOUS WASTE (HW) DISPOSAL:**

Hazardous waste (used chemical products) such as paints, thinners, POLs, aerosol cans, and fluorescent light bulbs must be properly disposed IAW State and Federal regulations. NAVFAC MIDLANT Environmental Services is responsible for storage and management of HW for disposal; they are the only personnel authorized to transport hazardous waste. Abandonment of hazardous material or hazardous waste is a violation of State and Federal law.

SHIPS:

Contact your Consolidated Hazardous Material Reutilization and Inventory Management Program (CHRIMP) technician at 757-444-4789 to schedule an appointment. CHRIMP technicians must inspect all waste and material intended for disposal to determine whether items can be cross-decked for use by another command.

ROUTINE HW PIER PICKUP DAYS AND TIMES:

Pier 15	0800 - 0900 Tuesday and Thursday
Dogleg/Quaywall	1000 - 1100 Tuesday and Thursday

SHORE COMMANDS:

All waste will be turned in utilizing DD Form 1348-1A.

Complete the document and fax it to Environmental Services at 757-341-0436 or call them at 757-341-0412/0460 to request a pick up.

A pick-up date and time will be scheduled and a 1348-1A will be required at the time of pick-up.

DISPOSAL OF EMPTY CHEMICAL CONTAINERS:

Only completely empty cans, with lids removed, (to indicate that they are empty) may be disposed in base dumpsters. Metal cans may be placed in the "metal only" recycle dumpsters and plastic cans may be placed in trash dumpsters.

TEMPORARY STORAGE OF HW IN COMMAND AREAS:

Temporary storage areas must be set up and approved in advance by the Environmental Division.

For additional information contact JEBLCFS Environmental at 757-462-5361/5355/5356/5353/5350.
