JEBLCFS Environmental Policy Statement

JEBLCFS's Environmental Policy Statement is the foundation of the EMS and reflects the JEBLCFS Base Commander's commitment to integrate mission accomplishment with environmental stewardship.

JEBLCFS's policy is communicated through the acronym, "CARE", which summarizes the key concepts:

- C Comply with all rules
- A Always improve
- **R** Reduce waste
- **E** Eliminate pollution

Visit our website to see entire policy.

### JEB EMS facilities include:

- JEB Little Creek - JEB Fort Story

#### **IN CASE OF SPILL:**

- \*Contain the spill if safe to do so.
- \*Notify your supervisor.
- \*Call Regional Dispatch Center: JEB Little Creek – 462-4444 JEB Fort Story – 422-7141

The EMS Cycle of Continuous Improvement

# What is EMS?

EMS is a set of management processes and procedures that allows an organization to:

- analyze, control and reduce it's impact on the environment
- operate with greater efficiency and control

The EMS management tool is used to plan, implement, review, and improve the actions JEBLCFS takes to meet environmental goals. The JEBLCFS EMS must be:

- Mission focused
- Integrated into existing business processes
- Flexible in order to optimize mission performance while minimizing negative environmental impacts

The EMS is based on OPNAV M-5090.1 and the International Organization for Standardization (ISO) 14001 Standard.

## **JEBLCFS's EMS Goals include:**

Reduce energy and water use.

Increase purchase of alternative fuel vehicles, hybrid, and plug-in hybrid vehicles.

Reduce greenhouse gas emissions.

Reduce use of petroleum in fleet vehicles.

Increase use of alternative fuels and renewable energy.

Integrate green building concepts in major renovations and new construction.

Expand purchase of green products and services; increase recycling.

Procure, use, and dispose of electronic equipment in an environmentally-sound manner.

and hazardous materials.

Reduce purchase and use of toxic

All personnel working for or on behalf of **JEBLCFS** have roles and responsibilities regarding JEBLCFS's EMS. The following are some examples:

- Know JEBLCFS's environmental policy, or the "CARE" acronym.
- Know and comply with the environmental procedures that apply to your job.
- Know how your job could impact the environment (i.e. potential spills, emission of air pollutants, material and energy use.
- Know what your installation's significant environmental aspects are.
- Incorporate concepts of conservation and pollution prevention in your day-to-day activities.
- Know what to do in the event of a spill or environmental emergency:
  - \* Contain the spill if safe to do so.
  - \* Notify your supervisor.
  - \* Call the Regional Dispatch Center.

Think about activities you do everyday that may impact the environment:

- Do vou recycle?
- Do you buy "green" office supplies?
- Do you print double-sided copies?
- Do you conserve energy and water?
- Do you comply with all environmental laws applicable to your job?
